

# Pre-Test Instructions for the B.O.S.S. Learning GRE Prep Boot Camp

## **GRE Boot Camp Pre-Test Instructions**

All participants are advised to take a **pre-test before starting the GRE Boot Camp videos**. A post-test may also be taken after completing the boot camp videos and practicing the strategies to chart your progress.

Gaining access to these tests requires you to visit the Educational Testing Services (ETS) website and register for a FREE online account if you don't already have one. This account may also be used when registering to take the actual GRE if you choose to do so. Please use the following instructions carefully to set up an account and access the practice tests:

1. Visit [www.ets.org/mygre](http://www.ets.org/mygre) (If you already have an ETS account for GRE, skip to step #4 and sign in to your account).
2. Choose "Create an Account"
3. Provide required information (I suggest using your personal email account as some of you may take the GRE after you've graduated from your respective institutions)
4. After you've completed registration, sign in to your account.
5. Look under "Test Preparation" and click "Shop for Test Preparation" (The practice tests are FREE, so you do not have to buy them)
6. Add "PowerPrep *Online* Practice Test 1" and "PowerPrep *Online* Practice Test 2" to your cart. (Do **not** choose the untimed test for our submission) Click "Next" at the bottom to move to the next page.
7. Review your order and click "Submit." Now you have access to the tests via your online account under the "My Test Preparation and Services" tab.

## **Please adhere to the following instructions:**

1. Use [PowerPrep Online Practice Test 1](#) for the Pre-Test.
2. **PRESS CONTINUE TO SKIP THE WRITING SECTION (2 writing prompts). YOU DO NOT HAVE TO COMPLETE WRITING.**
3. Complete the Verbal and Quantitative sections, 4 in total and alternating (Verbal, Quantitative, Verbal, Quantitative)
4. At the end, Choose "Report Scores"
5. Then, choose "View Interpretive Information"
6. You can then download it as a pdf to save for reference.

**Remember, do not choose anything with a price.** All practice test materials that you need for this boot camp are free on the GRE site.

## GRE Boot Camp Post-Test Instructions for those who opt to take it

1. For the Post-Test, you may take the **Online Practice Test 2** (you should have placed this in your ETS account cart). You can complete the verbal and quantitative sections to get immediate feedback.
2. You may download and save a pdf of the test results to compare to your pre-test and chart your progress.
